FRONTEND DEVELOPER

- Frontend Developer with over 3 years of experience engineering high-performance web applications using React.
- Experienced in translating designs into responsive, accessible, and maintainable UIs, with cross-browser compatibility.
- Skilled in debugging and troubleshooting complex UI bugs and broken state logic using Chrome DevTools and Redux/React DevTools, ensuring rapid issue resolution and project continuity.
- Comfortable working in Agile/Scrum environments, contributing to code reviews and consistently delivering sprint commitments.

CORE COMPETENCIES

Frontend Development: HTML5, JavaScript, JSX, React, React Router
UI & Styling: CSS3, CSS Modules, SCSS, Bootstrap, Tailwind CSS
UI Libraries & Component Frameworks: Ant Design (AntD), Material-UI (MUI)
State Management & Data Handling: Context API, Redux Toolkit, React Query, Axios, Fetch API
Forms & Validation: Formik, Yup
Tools & Deployment: Figma, Zeplin, Postman, Vite, Webpack, npm, Netlify, Render
Version Control Systems and Collaboration: Git (GitHub/GitLab), Azure DevOps, Jira

WORK EXPERIENCE

Frontend Developer – Openspace Services Pvt Ltd   2022 – 2023

- Contributed to the development of a React-based admin portal, serving 10,000+ B2C/B2B customers, supporting stable daily operations and improved internal workflows.
- Built a modular, production-ready React scaffold with reusable components, lazy loading, authentication, routing, error boundaries, state management, API layers, and modern build tool.
- Secured frontend applications using Azure AD SSO, JWT authentications, role-based conditional routing, and comprehensive error handling, ensuring data integrity and authorized access.
- Collaborated with backend developers to integrate RESTful APIs and enable seamless data flow using Fetch API, Axios, Redux Thunk, and React Query.

Frontend Associate – Moorabbin Wholesale Farmers Fresh Market   2020 – 2022

- Translated Figma and Adobe XD designs into pixel-perfect, accessible UIs using HTML5, CSS3, JavaScript, and React, working closely with UI/UX designers, and product teams.
- Delivered mobile-first, responsive layouts with cross-browser compatibility using Media Queries, Bootstrap, and Tailwind CSS.
- Maintained and supported frontend applications, resolving performance and production issues to deliver stable releases.

OTHER WORK EXPERIENCE

Project Engineering – Exel Galaxy Technology Services Pty Ltd   2017 – 2020

- Supported telecommunication projects through installation, configuration, integration, and testing, gaining experience in cross-functional teams collaboration, problem-solving, and troubleshooting.
- Created and maintained detailed technical documentation, system configurations, and operational procedures, ensuring compliance with industry standards, security protocols, and regulations.

PROFESSIONAL DEVELOPMENT

Docker Training Course for the Absolute Beginner – KodeKloud	2024
React & TypeScript – The Practical Guide – Udemy	2024
Web Development – Cantek	2024
Full Stack Web Development – TryCatch Classes	2023
React – The Complete Guide – Udemy	2022
Advanced Javascript – Udemy	2022
AWS Certified Solutions Architect Associate – AWS	2021
AWS Certified Developer Associate – AWS	2020

EDUCATION

Master of Engineering in Telecommunications – Melbourne Institute of Technology
Bachelor of Engineering in Electronics – Atharva College of Engineering
